Office Management - The Essentials

Duration: 5 Days

Language: en

Course Code: MG1-102

Objective

During this course, you'll be able to:

- Gain a comprehensive understanding of flexible management techniques.
- Build trust and rapport with your employees.
- Develop problem-solving skills to address workplace challenges efficiently.
- Generate and utilise data to provide meaningful feedback to clients.
- Cultivate strategic thinking by evaluating risks and potential outcomes.
- Learn effective recruitment techniques and enhance your people management skills.
- Identify and mitigate risks within your office environment.

- Apply key management models to address and resolve key issues.
- Share experiences and feedback with peers to enhance your understanding and skills.

Audience

It's ideal for:

- Aspiring or developing Office Managers looking to take the next step.
- First-time Office Managers need a little extra guidance.
- Client Relationship Managers.
- Operations Managers.
- Company Directors.
- Account Managers.
- Financial Managers.
- Team Leaders or Supervisors who have delegated responsibilities.

Training Methodology

This course allows you to experiment with management techniques, try out new projects and understand how to make a profit and become a success in the eyes of your clients.
You'll experience real-life scenarios, create project plans based on your targets, and implement discussion groups with peers to understand the most effective methodologies.

Summary

Mastering your management style is pivotal for workplace success. This course will equip you with the skills and knowledge to be flexible in the workplace and gain the trust and understanding of your employees. You will learn to solve problems quickly and effectively, create accurate, tangible data for client feedback, and showcase your achievements.

Focusing on the bigger picture will help you develop strategic thinking skills, understand that risk-taking can be beneficial, and assess all possible outcomes before making decisions. This course elevates your management style, giving you the confidence to inspire and lead your team towards shared goals.

Course Content & Outline

Section 1: Project Planning

- Setting clear goals and instructions.
