

Technological Leadership for the Digital Era

Duration: 4 Days

Language: en

Course Code: MG2-104

Objective

This course gives you the tools and knowledge to be flexible and allow your team to be creative, using technology to get the most out of their roles. Upon completion of this course, participants will be able to:

- Develop an understanding of where technology is heading and allow you to get ahead of the game.
- Apply new methods of technological working to your company.
- Understand how to communicate effectively using new methods.
- Use innovative methods to shape the future of your organisation.
- Evaluate your current methods and look for areas of improvement to increase productivity and effectiveness.

Audience

This course was created for anyone who is an acting leader or manager aspiring to be a team leader. It will help to improve your leadership style and help you to recognise where changes and amendments can be made to future-proof your organisation. It's best suited for:

- Team Leaders
- Managers
- IT Technicians
- Aspiring Managers
- Supervisors
- HR Professionals
- Developing Front Line Team Members
- Project Planners
- Directors
- C-Suite Executives
- Entrepreneurs

Training Methodology

This course discusses current management styles and how we can update our techniques for the new, modern era to achieve greater productivity and efficiency whilst remaining flexible.

You'll use real-life scenarios and role-playing activities to overcome challenges and research the newest tools and techniques to help your business progress.

You can conduct group discussions and participate in practical activities to create innovative project plans to achieve future business goals.

Summary

Technology development affects all industries, from updating CRM systems to marketing and service aspects of increasingly popular social media platforms to introducing remote working and AI contributions.

To be a leader in the current climate, you must learn to be adaptable, innovative, and open to new ideas and concepts to be respected and gain the confidence of your team.
