

# Growth Management and Performance Marketing

**Duration:** 5 Days

**Language:** en

**Course Code:** PM1-121

## Objective

By the end of this course, participants will be able to:

- Understand the role and responsibilities of Growth Managers and Performance Marketing Leads.
- Design and implement growth frameworks that align with business objectives.
- Optimise digital marketing campaigns across channels for ROI and scalability.
- Use data analytics, A/B testing, and attribution models to drive performance.
- Collaborate effectively with product, sales, and customer success teams.

## Audience

This course is ideal for:

- Marketing professionals transitioning into growth or performance roles.
- Digital marketing managers and strategists.
- Entrepreneurs and startup founders.
- Product managers seeking to enhance growth capabilities.
- Analysts and consultants working in growth-focused environments.

## Training Methodology

The course blends lectures, hands-on exercises, case studies, and group discussions. Participants will use marketing tools and analytics platforms to design, test, and optimise growth and performance marketing strategies in practical scenarios.

## Summary

This advanced training course is designed for professionals aiming to excel as Growth Managers and Performance Marketing Leads, roles that are central to scaling modern digital businesses. The course provides in-depth knowledge of growth strategies, performance marketing channels,

data-driven decision-making, and cross-functional leadership.

Participants will learn how to combine creativity with analytics to drive customer acquisition, engagement, and retention. The course emphasises experimentation frameworks, funnel optimisation, paid media strategies, and attribution modelling, equipping learners with the skills to achieve measurable business impact.

## Course Content & Outline
