

Becoming A Professional Sales Manager

Duration: 5 Days

Language: en

Course Code: PM1-106

Objective

Upon completion of this course, participants will be able to:

- Focus your sales strategy and aim your offers at your target audience.

- Motivate and encourage your sales team.
- Create effective incentives to push your scores up.
- Measure your success against competitor sales teams.
- Monitor performance and identify underperformance.
- Manage underperformance and support sales assistants.
- Develop consistent and helpful training modules to support sales upskills.
- Understand the impact of sales within the wider business.
- Undertake successful coaching sessions to aid team development.
- Recruit potential talent and provide development opportunities to people who excel.

Audience

This training is designed for anyone responsible for managing and developing a sales team. It would be particularly beneficial for:

- Sales Managers
- Sales Directors
- Training Managers
- CFOs
- Business Owners
- Frontline Sales teams
- Recruitment Officers
- HR Personnel

Training Methodology

This course uses various adult learning methods to help participants fully understand and comprehend. Participants will participate in interactive presentations to learn how motivational techniques can help a successful sales team.

They will conduct group work using the provided tools to assess incentives and commission-based structures under the current budget. Each participant will participate in role-playing activities to perfect their sales techniques and understand how to converse with team members who are underperforming effectively.

Summary

Sales teams are the driving force behind revenue generation in any organization—but behind every high-performing team is a strategic and skilled sales manager. This course is designed to equip current and aspiring sales leaders with the tools and knowledge needed to lead with impact. From setting clear performance goals and KPIs to managing team motivation and designing competitive commission structures, participants will learn how to align daily operations with long-term business growth.

Through practical insights into performance auditing, strategic planning, and incentive design, this course empowers sales managers to proactively address challenges, boost team effectiveness, and ensure sustainable profitability. Whether you're stepping into a new leadership role or looking to refine your existing skills, this training will help you lead your sales team with confidence and purpose.
