

Leadership Foundations for New and Aspiring Managers

Duration: 5 Days

Language: en

Course Code: MG2-103

Objective

During this course, you'll be able to:

- Exactly know what's needed to display leadership qualities.
- Understand different leadership styles and how to use them.
- Understand your staff and get the most out of them.

- Know how critical it is to monitor and give feedback on performance.
- Effectively motivate a team and get them to work with you, not for you.
- Explore essential project planning techniques to increase quality and productivity.
- Learn essential time-management techniques and deadline setting.
- Learn to deal with difficult or challenging situations.
- Understand profitability and how to make the most of your finances.
- Think strategically on a high level to benefit the business.

Audience

The course is perfect for:

- First-time managers.
- Aspiring managers.
- Team Leaders or Supervisors.
- Operations Managers.
- Production Supervisors.
- Project Managers.
- Technical Employees.
- Company Directors looking to upskill a management team.

Training Methodology

The course focuses on developing effective managers and leaders who can deal with challenging situations and overcome hardships to achieve the best team results. It involves practical learning, psychometric questionnaires, discussion groups, and real-life case study examples.

You'll receive essential tips and discover scientific studies and practised models on the best management styles to successfully achieve your goals and have the chance to put them into practice before feeding back on your results.

Summary

Effective leadership is crucial to the success of any business. This program will help you harness your internal leadership potential by exploring effective strategies, motivating team members, and mastering negotiation and influencing skills to achieve your goals.

You will examine how managers and leaders within your company can stand up and be accountable, tackle tough challenges, and develop their direct reports. Additionally, you will learn how to leverage personal skills to discover new paths to success. This program is essential for anyone in a leadership role, providing the foundation to drive organisational achievement and inspire excellence within their teams.

Course Content & Outline
