

Improving Your Customers' Experience

Duration: 5 Days

Language: en

Course Code: PM2-103

Objective

During this course, you'll be able to:

- Understand the basics of customer service.
- Understand the need for flexibility.
- Inspire a customer-focused culture.
- Assess your current CX and understand where you can tighten processes.
- Learn effective strategies to meet and exceed customer expectations.
- Utilise the power of online service.
- Understand customer psychology and predict the right choices.
- Develop strategies to motivate your team to prioritise customer needs.

- How to effectively solve complaints to achieve a positive outcome.
- Develop ideas for your next steps to future-proof your customer experience.

Audience

This training is ideal for anyone within your company who needs to understand your current customer journey and where improvements need to be made. This includes:

- Project Managers.
- Customer Experience Managers.
- Front-Line Employees/Support Staff.
- Field Agents.
- Operations Managers/Directors or Senior Management looking for broader process changes.
- Account Managers.
- Customer Service Department Managers.
- Customer Satisfaction Managers.
- Team Leaders/Supervisors.
- Marketing Executives.

Training Methodology

The course uses various stimulating learning techniques and organisational theories to ensure understanding of all levels of your business, from front-line employees to senior management officials.

You'll experience interactive seminars and practical workshops and get to work with people from all areas of business using real-life case studies to understand the customer journey.

The project work will provide you with techniques and models to accurately judge your customer's mindset, share best practices and change your goals to reflect the changing customer environment.

Summary

Understanding your customers is crucial to business success. This course will help you grasp the essentials of customer expectations and how to exceed them. You will learn to harness your team's potential to meet high customer standards and stay ahead of competitors. Focusing on customer needs will enhance your service, leading to better reviews, higher conversion rates, and increased customer retention.
