

Conference Creation

Duration: 5 Days

Language: en

Course Code: IND15-113

Objective

Upon completion of this course, participants will be able to:

- Enhance planning effectiveness, begin by categorising the various types of events and conferences.
- Ensure efficiency, arrange, evaluate, and inspire diverse event and conference management committees.
- Achieve successful promotion by developing a step-by-step promotional plan when planning and publicising events and conferences.
- Comprehend the diverse roles in event management and explain the various functions of organising conferences.
- Maintain financial control, meticulously prepare and oversee the financial aspects of conference hosting.
- Coordinate exhibitions successfully, carefully strategise and execute plans for different types of exhibitions.
- Assess event performance comprehensively and scrutinise all activities to conduct evaluations and follow-up procedures post-event.

Audience

This course is designed for anyone responsible for managing or advertising events or conferences in a corporate or charity setting. It would be most beneficial for:

- Events Managers
- Marketing Managers
- Supervisors
- Advertisers
- Public Relations Professionals
- Social Media Managers
- Health & Safety Assessors
- Venue Managers
- Venue Decorators
- Funding Managers

Training Methodology

This course uses a variety of adult learning styles to aid full understanding and comprehension. Participants will discuss various types of events or conferences and their differing requirements. They will also review a video based on event safety and understand the legal obligations that an events planner must consider before planning a large event. The participants will then create a project plan in groups, highlighting risk areas and mitigation techniques to ensure a successful, large-scale event.

Summary

As the demand for memorable and impactful events continues to rise, the significance of impeccable organisation and communication skills is absolutely essential. Whether planning a corporate conference, a music festival, or a community gathering, coordinating various elements seamlessly is important for any organisation's business growth strategy.

This course will focus on honing your organisational, communication, and sales skills. It will ensure that you are well-equipped to handle the intricate details that contribute to the success of any event and will allow you to generate leads, manage a team, and reach out to

the right audience.

In the fast-paced realm of event management, adaptability is key. We'll also examine the need to be flexible in the face of unforeseen challenges, allowing you to navigate the complexities that often arise in event planning. We will explore strategies for effective problem-solving and contingency planning to ensure that you are well-prepared for any curveball that may come your way and understand the benefits and challenges of event management technology.

We will delve into emerging trends and technologies shaping the future of event management, providing you with the insights and skills needed to lead in a constantly evolving landscape. From digital innovations, and risk areas regarding space or funding, to sustainability considerations, we will explore how staying abreast of trends can elevate your events to achieve business growth.

Course Content & Outline
