

Mastering Project Management and Leadership

Duration: 5 Days

Language: en

Course Code: PO4-108

Objective

Upon completion of this course, participants will be able to:

- Develop motivational leadership skills, including strategic planning and effective communication.
- Cultivate relationships through engagement and motivation to foster commitment.
- Implement strategies for team buy-in, negotiation, and change management.
- Recognise individual attributes and roles to build cohesive teams and resolve conflicts.
- Communicate clearly to inspire, manage, and oversee performance effectively.
- Identify key stakeholders and establish productive relationships to gain support and input.
- Utilise practical negotiation techniques to achieve win-win outcomes.
- Lead project meetings, negotiations, and decision-making processes confidently.

Audience

This comprehensive course is suitable for a wide range of professionals, including:

- Project Managers and Leaders
- Project Engineers and Support Staff
- Purchasing and Finance Officers
- Professionals aspiring to project management roles in Maintenance, Engineering, and Production.
- Employees managing multiple tasks and deadlines in various industries.

Training Methodology

This course utilises a blend of interactive and experiential learning techniques to ensure participants develop effective leadership and project management skills. Through a combination of lectures, practical exercises, and group discussions, participants will explore key leadership practices and project management strategies. Role-playing scenarios and real-world case studies will provide hands-on experience in team building, negotiation, and conflict resolution. Reflective exercises and self-assessment tools will help attendees refine their personal leadership styles and develop actionable plans for continuous improvement. This multifaceted approach ensures participants can lead their teams to deliver exceptional results across various industries.

Summary

Effective leadership is paramount across all industries. This comprehensive course equips participants with the necessary skills to lead and motivate their teams to deliver exceptional results. Through a structured programme, delegates will develop a strong foundation in key leadership practices, refine their project vision, and enhance their leadership competencies.
