

Strategic Procurement Excellence

Duration: 5 Days

Language: en

Course Code: PO1-134

Objective

Upon completion of this course, participants will be able to:

- Understand and implement strategic procurement aligned with corporate strategy
- Manage suppliers and mitigate risks effectively
- Apply strategic sourcing and category management principles
- Negotiate and manage contracts proficiently
- Adapt to future trends, including digitalisation and sustainability

Audience

This course is intended for:

- Procurement professionals
- Managers and executives in strategic planning
- Business students specialising in supply chain management
- Consultants in procurement strategies
- Business owners aiming to improve procurement practices

Training Methodology

This course uses a variety of adult learning styles to aid full understanding and comprehension. Participants will review case studies to highlight key areas of importance and possible areas for faults. They will be supplied with the best tools required for learning exercises to improve their skills. Participants will analyse the examples to understand how these skills, techniques and methods apply in the workplace.

Summary

Strategic Procurement Excellence is a detailed course to enhance professionals' procurement skills. It delves into the intricacies of strategic procurement, supplier management, sourcing, negotiation, and the integration of future trends such as digitalisation and sustainability.
