

Strategic Development Of Procurement Policies & Supplier Agreements

Duration: 5 Days

Language: en

Course Code: PO1-137

Objective

Upon completion of this course, participants will be able to:

- Develop comprehensive purchasing policies aligned with organisational goals.
- Optimise procurement processes to increase efficiency and reduce costs.
- Craft and manage effective SLAs to ensure supplier performance and accountability.
- Apply strategic procurement practices to enhance competitiveness and sustainability.

Audience

This course is intended for:

- Procurement professionals aiming to enhance strategic capabilities.
- Supply chain managers focused on improving operational efficiency.
- Purchasing officers seeking advanced procurement skills.
- Individuals involved in procurement processes looking for strategic development.
- Newcomers to the field desire a strong foundation in procurement practices.

Training Methodology

This course is ideal for procurement professionals, supply chain managers, purchasing officers, and anyone involved in the procurement process looking to enhance their strategic capabilities and improve operational efficiency. It is also suitable for those new to the field seeking a solid foundation in procurement practices.

Summary

Effective procurement practices are crucial for organisational success in the ever-evolving landscape of supply chain management. This course offers a comprehensive exploration of

purchasing strategies, focusing on the development of robust policies, streamlined processes, and effective Supplier-Level Agreements (SLAs). Participants will gain the skills needed to optimise procurement operations, ensure compliance, and enhance supplier relationships.
