

Strategic Credit Management & Debt Recovery

Strategic Credit Management And Debt Recovery

Duration: 5 Days

Language: en

Course Code: PF1-153

Objective

Upon completion of this course, participants will be able to:

- Understand the principles of strategic credit management and its impact on business sustainability.
- Evaluate credit risk using advanced assessment tools and techniques.
- Develop and implement effective credit control policies to minimise bad debts.
- Employ ethical and legal strategies for debt recovery and manage disputes effectively.
- Enhance customer relations while enforcing credit terms.
- Navigate the complexities of international credit management and cross-border debt recovery.

Audience

This course is intended for:

- Credit managers
- Finance professionals
- Accountants
- Anyone responsible for credit control and debt recovery within their organisation.
- Business owners and entrepreneurs who wish to improve their financial management skills and ensure sustainable growth.

Training Methodology

This course uses a variety of adult learning styles to aid full understanding and comprehension. Participants will review case studies to highlight key areas of importance and possible areas for faults. They will be supplied with the best tools required for learning exercises to improve their skills. Participants will analyse the examples to thoroughly understand how these skills, techniques and methods apply in the workplace.

Summary

In today's rapidly changing business environment, the ability to manage credit efficiently and recover debts is crucial for any organisation's financial health. This course equips professionals with advanced skills and knowledge to implement effective credit management strategies and ensure the timely recovery of debts while maintaining strong customer relationships. Participants will explore the latest techniques and best practices in credit assessment, risk management, and debt recovery, focusing on ethical considerations and compliance with legal standards.
