- **Quizzes and Assessments** : To gauge understanding and retention of course materials, quizzes will be integrated throughout the course.

Summary

Workplace etiquette refers to the guidelines governing how individuals should behave and interact in a professional environment. This training course aims to help employees and managers alike foster a respectful, inclusive, and efficient workplace. It covers essential topics such as communication, respect for colleagues, proper use of technology, handling conflicts, and understanding cultural sensitivities. By following workplace etiquette, individuals can contribute to a harmonious work environment where productivity is enhanced, and misunderstandings are minimised.

In today's diverse workplaces, maintaining proper etiquette is not just a matter of professionalism but also of respect for others' perspectives and backgrounds. The course is designed to provide both theoretical understanding and practical applications of workplace behaviour. Employees will learn to navigate complex professional interactions, manage interpersonal conflicts respectfully, and project a positive image for themselves and their organisation.

Upon completion, participants will have the tools to improve their communication and collaboration skills, demonstrate professionalism, and contribute to a more positive and productive work culture. By adhering to workplace etiquette, employees build better relationships with their peers and ensure that they are perceived as reliable, respectful, and competent professionals.
