

WORKING UNDER PRESSURE EMPLOYEE TRAINING

Working Under Pressure Employee Training

Duration: 5 Days

Language: en

Course Code: PH1-139

Objective

Upon completion of this course, participants will be able to:

- Understand the sources and impacts of workplace pressure on performance and well-being.
- Learn stress-management techniques to remain calm and productive.
- Develop time management skills to prioritise tasks effectively under pressure.
- Enhance decision-making and problem-solving skills during high-stress situations.
- Improve communication and teamwork while working under tight deadlines.
- Build emotional resilience and a positive mindset to cope with challenging scenarios.

Audience

This course is designed for:

- **Employees at All Levels** : Individuals who face high-pressure situations in their roles, including those in fast-paced industries, customer service, or high-stakes projects.
- **Team Leaders and Managers** : Professionals responsible for leading teams under tight deadlines and high demands.
- **Project Managers** : Individuals managing complex projects with multiple priorities and stakeholders.
- **Customer-Facing Staff** : Employees in roles that involve handling difficult customer interactions or managing crises.
- **HR and Wellness Professionals** : Those involved in employee development, stress management, and promoting a healthy workplace environment.

Training Methodology

The course employs a variety of training methods to ensure participants learn both theoretical and practical aspects of managing pressure:

- **Instructor-Led Lectures** : Experts will provide insights into stress management, time management, and decision-making techniques for high-pressure environments.
- **Interactive Group Discussions** : Participants will discuss their experiences, exploring different perspectives on handling pressure at work.
- **Role-Playing Exercises** : Participants will simulate high-pressure scenarios, practising communication, decision-making, and stress-management techniques in a safe environment.
- **Hands-On Activities** : Interactive exercises, such as time management games and stress-relief techniques, will help participants apply skills in real-time.
- **Case Study Analysis** : Real-world examples will be reviewed to demonstrate successful and unsuccessful strategies for working under pressure.
- **Feedback and Self-Assessment** : Participants will assess their own stress responses and receive feedback on their strategies for improvement.

Summary

Working under pressure is inevitable in today's fast-paced and demanding work environments. This "Working Under Pressure Employee" training course is designed to help professionals manage stress, maintain productivity, and make clear decisions even when faced with tight deadlines, high expectations, or challenging situations. Handling pressure effectively improves performance and improves overall job satisfaction and mental well-being.

The course provides a comprehensive overview of techniques and strategies for managing stress, improving time management, and building emotional resilience. It covers identifying stressors, adopting stress-reduction techniques, prioritising tasks, enhancing communication under pressure, and maintaining a positive mindset during difficult times. Participants will learn to break down complex tasks into manageable steps, balance multiple priorities, and stay calm and focused in high-pressure scenarios.

Through interactive exercises, role-playing, and case studies, this training empowers employees to thrive in high-pressure environments while maintaining their health and work-life balance. By the end of this course, participants will be equipped with practical tools and skills to handle pressure constructively, boosting both their effectiveness and contribution to the team's success.
