

Management Development Objectives

Duration: 5 Days

Language: en

Course Code: MG2 - 224

Objective

By the end of this training course, participants will be able to:

- Develop leadership and strategic thinking capabilities that align with organisational vision.
- Enhance communication, negotiation, and conflict-resolution skills.
- Drive talent development and foster high-performance cultures.
- Optimise operational processes for maximum efficiency.
- Promote innovation and continuous improvement across functions.

Audience

This course is ideal for:

- Current and aspiring managers seeking to improve leadership performance.
- Department heads and team leaders.
- HR professionals involved in management development programs.
- Project managers looking to align operations with strategic goals.

Training Methodology

The course will be delivered through a blend of interactive presentations, case studies, and real-world examples. Participants will engage in collaborative discussions and apply concepts through practical exercises to ensure strong knowledge retention and immediate workplace application.

Summary

This intensive training course is designed to equip current and aspiring managers with the essential competencies required to excel in leadership, strategic thinking, and operational efficiency. It covers the core objectives of management development—ranging from communication mastery and decision-making to team building and innovation. Through a structured approach, participants will gain the skills needed to align managerial functions with organisational goals, drive performance, and inspire high-performing teams.

By the end of this course, attendees will have the knowledge and tools to set clear, measurable development goals, lead with confidence, and contribute to the long-term success of their organisation.
