

## Sustainable Brand Management

**Duration:** 5 Days

**Language:** en

**Course Code:** PM1-119

### Objective

Upon completion of this course, participants will be able to:

- Understand sustainable brand management principles
- Develop and implement sustainable brand strategies
- Analyse the impact of sustainability on brand value
- Manage customer relationships with a focus on sustainability
- Apply tools and methodologies for sustainable brand assessment

## Audience

This course is intended for:

- Marketing and brand professionals seeking to incorporate sustainability
- Sustainability consultants
- Business leaders and entrepreneurs
- Academics and researchers in sustainable development

## Training Methodology

This course uses a variety of adult learning styles to aid full understanding and comprehension:

- Interactive lectures
- Case studies and real-world examples
- Group discussions and collaborative projects
- Practical exercises using sustainability assessment tools

## Summary

This comprehensive course integrates sustainable practices with brand management, focusing on environmental stewardship and social responsibility. Participants will have the knowledge and tools to manage brands sustainably, emphasising the importance of aligning brand values with sustainable development goals. The course covers developing and implementing sustainable brand strategies, effective marketing and communication techniques for sustainability, and using assessment tools to measure and improve brand sustainability. Through interactive lectures, case studies, and practical exercises, participants will learn to navigate the complexities of sustainable brand management in today's market.
